QUESTIONNAIRE FOR REGISTRATION

Facility Name:	
Mailing Address:	City, Zip:
Facility Address:	City, Zip:
Phone Number:	Email:

Please describe your process. What do you make or do?

How much do you produce annually? How many hours of operation is this based on?

PRODUCTION EQUIPMENT (include combustion equipment like boilers, but do not include office equipment like computers)

Type of Equipment *	Equipment Maximum Production Capacity	Type of Air Pollution Control Device (if applicable) *	Control Device Air Flow Rate (cfm) & Diameter of Duct (in)*	Year Equipment & Control Installed

* On the back of this form you will find a sample list of the types of equipment and air pollution controls that should be listed

CERTIFICATION

I, the undersigned, do hereby certify, that the information contained in this questionnaire is, to the best of my knowledge, accurate and complete.

Signature

Date

Type or Print Name & Title

Phone & Email

Puget Sound Clean Air Agency personnel will review the information you submitted and will contact you regarding whether registration and/or permits for your equipment are needed.

Generating Equipment Description	Generating Equipment Description	Control Equipment Description
abrasive blasting, outdoor	molding of rubber, plastics, composites and foams w/out styrene monomer	Catalytic afterburner
abrasive blasting/shot peening cabinet, booth or room	refinery oil/water separator	Flaring
acid etching/chemical milling	pickling tank	Steam or water injection
asphalt batch plant	plating/anodizing	Sulfur plant
battery mfg	printing press	Activated carbon adsorption
boiler, water heater or oil heater	refinery process heater	Venturi scrubber
burn-off oven	pulverizing	Mat or panel filter
chemical reactor	rendering	Refrigerated condenser
chipper, shredder, hammermill, debarker, hogger	retort	Barometric condenser
classifier	sewage pump/regulator station	Single cyclone
clinker cooler	smokehouse	Chemical oxidation
coffee roaster	soil/groundwater remediation	Water curtain
cold solvent cleaner	space heater	Miscellaneous control
composting	spray booth, room or hangar	Baghouse
concrete batch plant	spray coating, outdoor	HEPA
conversion coating	spray dryer	Catalytic oxidizer
conveyor/elevator	sterilizer	Vapor recovery unit
crematory	still	Afterburner
crusher	storage silo/bin	Rotoclone
curing oven	storage tank	Multiple cyclones
dry cleaner	storage tank w/ floating roof	Electrostatic precipitator
dryer	storage tank w/ stage 1	Condenser
engine test cell/stand	stripping	Demister
fire training facility	surface coating, non-spray	Hvaf
food and drug mfg	thermal spraying	Scr (selective catalytic reduction)
foundry sand handling	tire buffer	Nscr (non-selective catalytic reduction)
furnace	turbine	Wet scrubber
galvanizing	undefined	Wet electrostatic precipitator
gas pump nozzle w/ stage 2	vapor degreaser	Mist eliminator - high efficiency
gas pump nozzle w/o stage 2	wastewater evaporator	Water sprays
hazardous waste management	wastewater treatment plant	Screen
IC engine	welding/brazing/soldering	Dry sorbent injection
kiln	incinerator	Freeboard refrigeration device
landfill		
laser/plasma torch		
loading/unloading		
machining/woodworking equipment		
melt furnace		
miscellaneous		
mixer		
molding of fiberglass, FRP, plastics and styrofoam w/ styrene monomer
