

CONTRACT FOR SERVICES

This contract is entered into between the **Puget Sound Clean Air Agency**, (hereinafter referred to as the "Agency"), a municipal corporation of the laws of the state of Washington, and (**City of Renton**), (hereinafter referred to as the "EVSE Partner"), (1055 South Grady Way, 6th floor, Renton, WA 98057).

WHEREAS, the United States Department of Energy (U.S. DOE) established the Clean Cities Program in 1993 as a voluntary government-industry partnership program within the Office of Energy Efficiency and Renewable Energy's Vehicle Technologies Program; and

WHEREAS, the Puget Sound Clean Cities Coalition is part of the U.S. DOE Clean Cities program and is an Agency program that promotes the use of alternative fuels and advanced vehicle technologies in fleet operations with the goal of reducing the use of petroleum fuels and their associated emissions; and

WHEREAS, the Agency was awarded Grant No. DE-EE0002020 by the U.S. DOE, using funds authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111--5) (Recovery Act), on December 3, 2009 to fund the Puget Sound Clean Cities Petroleum Reduction Project, which includes a cost reimbursement program for fleet operations to facilitate the purchase and installation of electric vehicle supply equipment (EVSE); and

WHEREAS, the Board of Directors of the Puget Sound Clean Air Agency deems it desirable to enter into an Agreement with the EVSE Partner for the purposes of increasing the use of alternative fueled vehicles and advanced technology vehicles as a means to reduce U.S. dependence on imported petroleum, increase fuel economy, and improve emissions; and

WHEREAS, the EVSE Partner represents and warrants that it is available, experienced, and qualified to perform said services; and

NOW, THEREFORE, the Agency and the EVSE Partner mutually agree as follows:

1. Services

The purpose of this Agreement is to establish procedures by which the EVSE Partner shall receive defined cost reimbursement payments from the Agency toward the cost of purchasing and installing EVSE as outlined in Attachment A: *EVSE Reimbursement Schedule*.

Task 1: EVSE Location and Budget Review

- A. The EVSE Partner shall review Attachment A: EVSE Reimbursement Schedule for accuracy and notify the Agency Project Manager of any discrepancies or concerns regarding the award described in Attachment A.
- B. The EVSE Partner shall complete and submit to the Agency Project Manager National Environmental Policy Act (NEPA) site description forms (form NETL F 451.1) for each unique location listed in column B of Attachment A. No work may proceed at a particular location until the NEPA form for that location is approved by US DOE. The

Agency Project Manager shall notify the EVSE Partner promptly upon notification from US DOE that the work is approved.

Deliverable for Task 1: EVSE Partner shall notify the Agency Project Manager of any concerns resulting from the information contained in Attachment A. The EVSE partner shall accept the award as described in Attachment A prior to continuing work under this agreement. The EVSE Partner shall wait until approved NEPA site documentation for all unique sites is obtained from the Agency Project Manager before continuing work under this agreement.

Due Date for Task 1: No later than April 29th, 2011

Task 2: Procuring EVSE Materials and Labor

Task 2A: Competitive Solicitation for Contracting EVSE Installation

The EVSE Partner shall competitively solicit bids for contracting EVSE design and installation for the locations listed in Attachment A approved in Task 1 above. In soliciting labor, the EVSE Partner shall use one or any combination of the two following options:

1. Use existing competitively bid contracts between the EVSE Partner and labor sub-contractors for the purposes of contracting for the design and installation of the EVSE equipment. The EVSE Partner shall submit evidence of the utilized open, competitive solicitation processes for these existing contracts to the Agency Project Manager. The existing subcontractors must adhere to all vendor requirements under ARRA, with particular emphasis on the Davis Bacon and American Reinvestment and Recovery Act labor requirements in Sections 2.N-R of this contract. The EVSE partner shall be responsible for collecting and enforcing the completion of all required reporting documents and submitting them to the Agency Project Manager for the duration of this Agreement.
2. Use a competitive solicitation process for all EVSE labor and installation contracting. The EVSE Partner must ensure all vendor requirements under ARRA are met, with particular emphasis on the Davis Bacon and ARRA labor requirements in Sections 2.N-R of this contract. The EVSE Partner shall submit evidence of the utilized open, competitive solicitation processes to the Agency Project Manager. The EVSE partner shall be responsible for collecting and enforcing the completion of all required reporting documents and submitting them to the Agency Project Manager for the duration of this Agreement.

Deliverable for Task 2A: The EVSE Partner shall submit electronic copies of the solicitation(s) for all EVSE installation by e-mail to the Agency Project Manager for approval after the solicitations have passed all internal reviews by the EVSE Partner.

After all bids have been received and a bidder has been selected, the EVSE Partner shall submit a copy of the successful bidder's contract or quote for EVSE installation to the Agency Project Manager.

Due Date for Task 2A: No later than May 31st, 2011

Task 2B: Competitive Solicitation for Purchasing EVSE

The EVSE Partner shall competitively solicit bids for purchasing EVSE consistent with the total number listed in Attachment A approved in Task 1 above. In soliciting vendors for this equipment, the EVSE Partner shall use one or any combination of the two following options:

1. Use a competitive solicitation process for all EVSE procurement. The EVSE Partner shall incorporate all of the technical specification requirements listed in Attachment B: *Technical Specifications Required in Request For Proposals for Electric Vehicle Supply Equipment* in the solicitation. The EVSE Partner shall submit evidence of the utilized open, competitive solicitation processes to the Agency Project Manager.
2. Establish an Interlocal Agreement with the City of Seattle or another Clean Cities partner who has incorporated Attachment B requirements in their own EVSE bids. This Interlocal Agreement will be for the purpose of procuring EVSEs through an existing supply contract. Before creating an Interlocal Agreement with another entity, the EVSE Partner shall notify the Agency Project Manager and ensure all technical requirements as outlined in Attachment B have been met.

Deliverable for Task 2B: The EVSE Partner shall submit electronic copies of the solicitation(s) for all EVSE equipment purchases by e-mail to the Agency Project Manager for approval after the solicitations have passed all internal reviews by the EVSE Partner.

After all bids have been received and a bidder has been selected, the EVSE Partner shall submit a copy of the successful bidder's contract or quote for EVSE purchases to the Agency Project Manager.

If the EVSE Partner opts to purchase EVSE through another government entity via an Interlocal Agreement, they must notify the Agency Project Manager before proceeding.

Due Date for Task 2B: No later than May 31st, 2011

Task 2C: Records Retention

The EVSE Partner shall retain all documents related to the competitive solicitation and the successful bid selection as described in Tasks 2A/B and 2C for a period of three years after the termination of this Agreement.

Task 2D: Budget Revision

After submitting the deliverables required in Tasks 2A-B to the Agency Project Manager, the EVSE Partner shall update the budget information in columns E and F of Attachment A to include the division of costs between design and installation labor and equipment planned for purchase for each of the EVSE locations. The reimbursement total is not to exceed the Project Total Value listed in Attachment A.

Deliverable for Task 2D: UPDATED Attachment A - The EVSE Partner shall submit a detailed budget in an MS Excel spreadsheet as an e-mail attachment to the Agency Project Manager. The Agency Project Manager shall provide a updated version/final of Attachment A to the EVSE Partner once it has been approved.

Due Date for Task 2D: No later than June 30th, 2011

Task 3: Installing EVSEs

- A. The EVSE Partner shall purchase and install the EVSE authorized in Attachment A from the successful bidder's contract(s) following the budget and schedule outlined therein.
- B. All EVSE purchased with funds paid pursuant to this Agreement shall operate at their approved locations for a minimum of two years following the first date of operation. All property purchased under this contract is subject to the rules set forth in 10 CFR 600 as described in Section 2.L.
- C. Upon receipt of "Clean Cities" station decals and Application Instructions from the Agency Project Manager, the EVSE Partner shall affix these decals to the exterior of the EVSE at all locations as directed under the Application Instructions.
- D. For each of the locations described in Attachment A, the EVSE Partner shall photograph one or more EVSE showing the "Clean Cities" decal affixed.

Deliverable for Task 3: The EVSE Partner shall submit photographs electronically (in JPEG format) of all EVSE locations to the Agency Project Manager as e-mail attachments.

Due Date for Task 3: No later than November 30th, 2011

Task 4: Periodic Reporting

The EVSE Partner shall provide all necessary information for the Agency to comply with all grant reporting requirements, including:

- A. Weekly Davis Bacon labor reporting using the template provided in Attachment C: *Clean Cities DE EE0002020 Award*. The EVSE Partner is responsible for enforcing compliance of all ARRA/Davis Bacon contracting requirements as defined in Section 2 of this contract. This includes reporting information on the actual hours of work performed even if this work has not yet been invoiced to the Agency.
- B. Quarterly Recovery Act Reports using the template provided in Attachment D: *Recovery Act Report Template* and including information on the actual hours of work performed in the corresponding quarter even if this work has not yet been invoiced to the Agency.
- C. Quarterly Progress Reports using the template provided in Attachment E: *Quarterly Report Template*. Quarterly Progress Reports per this section only are required if the EVSE Partner chooses not to have EVSE data collected by Idaho National Labs as outlined in Section 4 of Attachment B. The EVSE Partner shall submit Quarterly Progress Reports for each EVSE location from the date of this Agreement until two years following the first date of operation of each EVSE. If the EVSE Partner chooses to have

data collected by Idaho National Labs, no reporting quarterly reporting action is necessary.

Deliverables for Task 4:

- A. Davis Bacon labor reports provided in Attachment C, sent to the Agency Project Manager as an e-mail attachment.

Due Dates: weekly for any period that contracting work occurs.

- B. Recovery Act Reports using the template provided in Attachment D, sent to the Agency Project Manager in Microsoft Excel format as an e-mail attachment.

Due Dates: April 5, 2011; July 5, 2011; October 5, 2011; January 5, 2012.

- C. Quarterly Progress Reports using the template provided in Attachment E, sent to the Agency Project Manager in Microsoft Excel format as an e-mail attachment; due only if the EVSE Partner chooses not to have EVSE data collected by Idaho National Labs as outlined in Attachment B.

Due Dates: April 20, 2011; July 20, 2011; October 20, 2011; January 20, 2012; April 20, 2012; July 20, 2012; October 20, 2012; January 20, 2013; April 20, 2013; July 20, 2013; October 20, 2013; January 20, 2014.

2. Highlighted Requirements from Grant No. DE-EE0002020.

The EVSE Partner shall comply with the following requirements from Grant No. DE-EE0002020 highlighted in this section:

A. COST SHARING

No cost sharing is required by the EVSE Partner under this Agreement.

B. PRE-AWARD COSTS

The EVSE Partner is not entitled to reimbursement for costs incurred on or before January 1, 2011.

C. STATEMENT OF FEDERAL STEWARDSHIP

U.S. DOE/NNSA will exercise normal Federal stewardship in overseeing the Project activities performed under Grant No. DE-EE0002020. Stewardship activities include, but are not limited to, conducting site visits; reviewing performance and financial reports; providing technical assistance and/or temporary intervention in unusual circumstances to correct deficiencies which develop during the Project; assuring compliance with terms and conditions; and reviewing technical performance after Project completion to ensure that the grant award objectives have been accomplished.

D. SITE VISITS

U.S. DOE/NNSA's authorized representatives have the right to make site visits at reasonable times to review Project accomplishments and management control systems and to provide technical assistance, if required. The EVSE Partner must provide, and require any of its subcontractors to provide, reasonable access to facilities, office space, resources, and assistance for the safety and convenience of all government representatives in the performance of their duties. All site visits and evaluations must be performed in a manner that does not unduly interfere with or delay the work.

E. PUBLICATIONS

- i. Dissemination of scientific/technical reports. Scientific/technical reports submitted under this grant award DE-EE0002020 will be disseminated on the Internet via the DOE Information Bridge (www.osti.gov/bridge), unless the report contains patentable material, protected data, or SBIR/STTR data. Citations for journal articles produced under the award will appear on the DOE Energy Citations Database (www.osti.gov/energycitations).
- ii. Restrictions. Reports submitted to the DOE Information Bridge must not contain any Protected Personal Identifiable Information (PPI), limited rights data (proprietary data), classified information, information subject to export control classification, or other information not subject to release.
- iii. The EVSE Partner is encouraged to publish or otherwise make publicly available the results of the work conducted under the award.
- iv. An acknowledgment of Federal support and a disclaimer must appear in the publication of any material, whether copyrighted or not, based on or developed under this Project, as follows:

Acknowledgment: "This material is based upon work supported by the Department of Energy under Award Number DE-EE0002020."

Disclaimer: "This report was prepared as an account of work sponsored by an agency of the United States Government. Neither the United States Government nor any agency thereof, nor any of their employees, makes any warranty, express or implied, or assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any information, apparatus, product, or process disclosed, or represents that its use would not infringe privately owned rights. Reference herein to any specific commercial product, process, or service by trade name, trademark, manufacturer, or otherwise does not necessarily constitute or imply its endorsement, recommendation, or favoring by the United States Government or any agency thereof. The views and opinions of authors expressed herein do not necessarily state or reflect those of the United States Government or any agency thereof."

F. FEDERAL, STATE, AND MUNICIPAL REQUIREMENTS

The EVSE must obtain any required permits and comply with applicable federal, state, and municipal laws, codes, and regulations for work performed under this award.

G. INTELLECTUAL PROPERTY PROVISIONS AND CONTACT INFORMATION

- i. The EVSE Partner must comply with the intellectual property requirements at 10 CFR 600.136(a) and (c).
- ii. Questions regarding intellectual property matters should be referred to the U.S. DOE Award Administrator and the Patent Counsel designated as the service provider for the U.S. DOE office that issued the award. The IP Service Providers List is found at [http://www.gc.doe.gov/documents/Intellectual_Property_\(IP\)_Service_Providers_for_Acquisition.pdf](http://www.gc.doe.gov/documents/Intellectual_Property_(IP)_Service_Providers_for_Acquisition.pdf)

H. LOBBYING RESTRICTIONS

By accepting funds from the Agency under Grant No. DE-EE0002020, the EVSE Partner agrees that none of the funds obligated on the grant award shall be expended, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S.C. 1913. This restriction is in addition to those prescribed elsewhere in statute and regulation.

I. NOTICE REGARDING THE PURCHASE OF AMERICAN-MADE EQUIPMENT AND PRODUCTS -- SENSE OF CONGRESS

It is the sense of the Congress that, to the greatest extent practicable, all equipment and products purchased with funds made available under this award should be American-made.

J. INSOLVENCY, BANKRUPTCY OR RECEIVERSHIP

- i. The EVSE Partner shall immediately notify the Agency of the occurrence of any of the following events: (a) The EVSE Partner or its parent's filing of a voluntary case seeking liquidation or reorganization under the Bankruptcy Act; (b) The EVSE Partner's consent to the institution of an involuntary case under the Bankruptcy Act against the EVSE Partner or its parent; (c) the filing of any similar proceeding for or against the EVSE Partner or its parent, or its consent to, the dissolution, winding-up or readjustment of the EVSE Partner's debts, appointment of a receiver, conservator, trustee, or other officer with similar powers over the EVSE Partner, under any other applicable state or federal law; or (d) the EVSE Partner's insolvency due to its inability to pay its debts generally as they become due.
- ii. Such notification shall be in writing and shall: (a) specifically set out the details of the occurrence of an event referenced in Paragraph A; (b) provide the facts surrounding that event; and (iii) provide the impact such event will have on the Project being funded by this award.
- iii. Upon the occurrence of any of the four events described in the first paragraph, the Agency reserves the right to conduct a review of the EVSE Partner's work under this Agreement to determine compliance with the required elements of the award (including such items as cost share, progress towards technical Project objectives, and submission of required reports). If the Agency review determines that there are significant deficiencies or concerns with the EVSE Partner's performance under this Agreement, the Agency reserves the right to impose additional requirements, as needed, including (a) changing payment methods; or (b) instituting payment controls.

K. NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) REQUIREMENTS

The EVSE Partner is restricted from taking any action associated with the performance of work under this Agreement using Federal funds, which would have an adverse effect on the environment or limit the choice of reasonable alternatives prior to U.S. DOE/NNSA providing either a NEPA clearance or a final NEPA decision regarding this Project. Prohibited actions include, but are not limited to, infrastructure work such as demolition of existing buildings, site clearing, ground breaking, construction, and/or detailed design. This restriction does not preclude the EVSE Partner from: Statement of Project Objective activities that have received NEPA clearance; specifically, administrative, educational, outreach and training activities.

If the EVSE Partner moves forward with activities that are not authorized for federal funding by the U.S. DOE Contracting Officer in advance of the final NEPA decision, the EVSE Partner does so at risk of not receiving federal funding and such costs may not be recognized as allowable cost share.

L. PROPERTY

Real property and equipment acquired by the EVSE Partner shall be subject to the rules set forth in 10 CFR 600.321.

Consistent with the goals and objectives of this Project, the EVSE Partner may continue to use the EVSE Partner acquired property beyond the Period of Performance, without obligation, during the period of such use, to extinguish U.S. DOE's conditional title to such property as described in 10 CFR 600.321, subject to the following:

- The EVSE Partner continues to utilize such property for the objectives of the Project as set forth in the Statement of Project Objectives;
- U.S. DOE retains the right to periodically ask for, and the EVSE Partner agrees to provide, reasonable information concerning the use and condition of the property; and
- The EVSE Partner follows the property disposition rules set forth in 10 CFR 600.321 if the property is no longer used by the EVSE Partner for the objectives of the Project, and the fair market value of property exceeds \$5,000.

Once the per unit fair market value of the property is less than \$5,000, pursuant to 10 CFR 600.321(f)(1)(i), U.S. DOE's residual interest in the property shall be extinguished and the EVSE Partner shall have no further obligation to the U.S. DOE with respect to the property.

The regulations as set forth in 10 CFR 600 and the requirements of this section shall also apply to property in the possession of any team member, sub-recipient or other entity where such property was acquired in whole or in part with funds provided by U.S. DOE under Grant No. DE-EE0002020 or where such property was counted as cost-sharing under the grant.

M. FINAL INCURRED COST AUDIT

In accordance with 10 CFR 600, U.S. DOE reserves the right to initiate a final incurred cost audit on this award under Grant No. DE-EE0002020. If the audit has not been performed or completed prior to the closeout of the grant award, U.S. DOE retains the right to recover an appropriate amount after fully considering the recommendations on disallowed costs resulting from the final audit.

N. SPECIAL PROVISIONS RELATING TO WORK FUNDED UNDER AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

(i) Preamble

The American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, (Recovery Act) was enacted to preserve and create jobs and promote economic recovery, assist those most impacted by the recession, provide investments needed to increase economic efficiency by spurring technological advances in science and health, invest in transportation, environmental protection, and other infrastructure that will provide long-term economic benefits, stabilize State and local government budgets, in order to minimize and avoid reductions in essential services and counterproductive State and local tax increases. The EVSE Partner shall use grant funds in a manner that maximizes job creation and economic benefit.

The EVSE Partner should begin planning activities by obtaining a DUNS number (or updating the existing DUNS record), and registering with the Central Contractor Registration (CCR).

Be advised that Recovery Act funds can be used in conjunction with other funding as necessary to complete projects, but tracking and reporting must be separate to meet the reporting requirements of the Recovery Act and related guidance. For projects funded by sources other than the Recovery Act, Contractors must keep separate records for Recovery Act funds and to ensure those records comply with the requirements of the Act.

The Government has not fully developed the implementing instructions of the Recovery Act, particularly concerning specific procedural requirements for the new

reporting requirements. The EVSE Partner will be provided these details as they become available. The EVSE Partner must comply with all requirements of the Act.

(ii) Definitions

For purposes of this clause, Covered Funds means funds expended or obligated from appropriations under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5. Covered Funds will have special accounting codes and will be identified as Recovery Act funds in the grant, cooperative agreement or TIA and/or modification using Recovery Act funds. Covered Funds must be reimbursed by September 30, 2015.

Non-Federal employer means any employer with respect to covered funds – the contractor, subcontractor, grantee, or recipient, as the case may be, if the contractor, subcontractor, grantee, or recipient is an employer; and any professional membership organization, certification of other professional body, any agent or licensee of the Federal government, or any person acting directly or indirectly in the interest of an employer receiving covered funds; or with respect to covered funds received by a State or local government, the State or local government receiving the funds and any contractor or subcontractor receiving the funds and any contractor or subcontractor of the State or local government; and does not mean any department, agency, or other entity of the Federal government.

(iii) Special Provisions

A. Segregation of Costs

The EVSE Partner must segregate the obligations and expenditures related to funding under the Recovery Act. Financial and accounting systems should be revised as necessary to segregate, track and maintain these funds apart and separate from other revenue streams. No part of the funds from the Recovery Act shall be commingled with any other funds or used for a purpose other than that of making payments for costs allowable for Recovery Act projects.

B. Prohibition on Use of Funds

None of the funds provided under this Agreement derived from the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, may be used by any State or local government, or any private entity, for any casino or other gambling establishment, aquarium, zoo, golf course, or swimming pool.

C. Access to Records

With respect to each financial assistance agreement awarded utilizing at least some of the funds appropriated or otherwise made available by the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, any representative of an appropriate inspector general appointed under section 3 or 8G of the Inspector General Act of 1988 (5 U.S.C. App.) or of the Comptroller General is authorized –

- (1) to examine any records of the contractor or grantee, any of its subcontractors or subgrantees, or any State or local agency administering such contract that pertain to, and involve transactions relation to, the subcontract, subcontract, grant, or subgrant; and
- (2) to interview any officer or employee of the contractor, grantee, subgrantee, or agency regarding such transactions.

D. Publication

An application may contain technical data and other data, including trade secrets and/or privileged or confidential information, which the applicant does not want disclosed to the public or used by the Government for any purpose other than the application. To protect such data, the applicant should specifically identify each page including each line or paragraph thereof containing the data to be protected and mark the cover sheet of the application with the following Notice as well as referring to the Notice on each page to which the Notice applies:

Notice of Restriction on Disclosure and Use of Data

The data contained in pages ---- of this application have been submitted in confidence and contain trade secrets or proprietary information, and such data shall be used or disclosed only for evaluation purposes, provided that if this applicant receives an award as a result of or in connection with the submission of this application, U.S. DOE shall have the right to use or disclose the data here to the extent provided in the award. This restriction does not limit the Government's right to use or disclose data obtained without restriction from any source, including the applicant.

Information about this Agreement will be published on the Internet and linked to the website www.recovery.gov, maintained by the Accountability and Transparency Board. The Board may exclude posting contractual or other information on the website on a case-by-case basis when necessary to protect national security or to protect information that is not subject to disclosure under sections 552 and 552a of Title 5, United States Code.

- E. Protecting State and Local Government and Contractor Whistleblowers. The requirements of Section 1553 of the Act are summarized below. They include, but are not limited to:

Prohibition on Reprisals: An employee of any non-Federal employer receiving covered funds under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Accountability and Transparency Board, an inspector general, the Comptroller General, a member of Congress, a State or Federal regulatory or law enforcement agency, a person with supervisory authority over the employee (or other person working for the employer who has the authority to investigate, discover or terminate misconduct), a court or grand jury, the head of a Federal agency, or their representatives information that the employee believes is evidence of:

- Gross mis-management of an agency contract or grant relating to covered funds;
- A gross waste of covered funds
- A substantial and specific danger to public health or safety related to the implementation or use of covered funds;
- An abuse of authority related to the implementation or use of covered funds; or
- A violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract) or grant, awarded or issued relating to covered funds.

Agency Action: Not later than 30 days after receiving an inspector general report of an alleged reprisal, the head of the agency shall determine whether there is sufficient basis to conclude that the non-Federal employer has subjected the employee to a prohibited reprisal. The agency shall either issue an order denying relief in whole or in part or shall take one or more of the following actions:

- Order the employer to take affirmative action to abate the reprisal.
- Order the employer to reinstate the person to the position that the person held before the reprisal, together with compensation including back pay, compensatory damages, employment benefits, and other terms and conditions of employment that would apply to the person in that position if the reprisal had not been taken.
- Order the employer to pay the employee an amount equal to the aggregate amount of all costs and expenses (including attorneys' fees and expert witnesses' fees) that were reasonably incurred by the employee for

or in connection with, bringing the complaint regarding the reprisal, as determined by the head of a court of competent jurisdiction.

Nonenforceability of Certain Provisions Waiving Rights and Remedies or Requiring Arbitration: Except as provided in a collective bargaining agreement, the rights and remedies provided to aggrieved employees by this section may not be waived by any agreement, policy, form, or condition of employment, including any predispute arbitration agreement. No predispute arbitration agreement shall be valid or enforceable if it requires arbitration of a dispute arising out of this section.

Requirement to Post Notice of Rights and Remedies: Any employer receiving covered funds under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, shall post notice of the rights and remedies as required therein. (Refer to section 1553 of the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, www.Recovery.gov, for specific requirements of this section and prescribed language for the notices.).

F. False Claims Act

The EVSE Partner shall promptly refer to the Agency or other appropriate Inspector General any credible evidence that a principal, employee, agent, contractor, sub-grantee, subcontractor or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity or similar misconduct involving those funds.

G. Information in Support of Recovery Act Reporting

The EVSE Partner may be required to submit backup documentation for expenditures of funds under the Recovery Act including such items as timecards and invoices. The EVSE Partner shall provide copies of backup documentation at the request of the Agency Project Manager or designee.

H. Availability of Funds

Funds appropriated under the Recovery Act and obligated to this award are available for reimbursement of costs until September 30, 2015.

I. Additional Funding Distribution and Assurance of Appropriate Use of Funds Certification by Governor -- Not later than April 3, 2009, for funds provided to any State or agency thereof by the American Reinvestment and Recovery Act of 2009, Pub. L. 111-5, the Governor of the State shall certify that: 1) the state will request and use funds provided by the Act; and 2) the funds will be used to create jobs and promote economic growth.

Acceptance by State Legislature -- If funds provided to any State in any division of the Act are not accepted for use by the Governor, then acceptance by the State legislature, by means of the adoption of a concurrent resolution, shall be sufficient to provide funding to such State.

Distribution -- After adoption of a State legislature's concurrent resolution, funding to the State will be for distribution to local governments, councils of government, public entities, and public-private entities within the State either by formula or at the State's discretion.

J. Certifications

With respect to funds made available to State or local governments for infrastructure investments under the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5, the Governor, mayor, or other chief executive, as appropriate, certified by acceptance of this award that the infrastructure investment has received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. Recipient shall provide an additional certification that includes a description of the investment, the estimated total cost, and the amount of covered funds to be used for posting on the Internet. A State or local agency may not receive infrastructure investment funding from funds made available by the Act unless this certification is made and posted.

O. REPORTING AND REGISTRATION REQUIREMENTS UNDER SECTION 1512 OF THE RECOVERY ACT

- (a) This agreement requires the recipient to complete projects or activities which are funded under the American Recovery and Reinvestment Act of 2009 (Recovery Act) and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.
- (b) The reports are due no later than five calendar days after each calendar quarter in which the EVSE Partner receives assistance funded in whole or in part by the Recovery Act.
- (c) The EVSE Partner must maintain current registrations in the Central Contractor Registration (<http://www.ccr.gov>) at all times during which it has active federal awards funded with Recovery Act funds. A Dun and Bradstreet Data Universal Numbering System (DUNS) Number (<http://www.dnb.com>) is one of the requirements for registration in the Central Contractor Registration.
- (d) The EVSE Partner shall report the information described in section 1512(c) of the Recovery Act using the reporting instructions and data elements that will be provided by the Agency and ensure that any information that is pre-filled is corrected or updated as needed.

P. WAGE RATE REQUIREMENTS UNDER SECTION 1606 OF THE RECOVERY ACT

- (a) Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of Chapter 31 of Title 40, United States Code.

Pursuant to Reorganization Plan No. 14 and the Copeland Act, 40 U.S.C. 3145, the Department of Labor has issued regulations at 29 CFR parts 1, 3, and 5 to implement the Davis-Bacon and related Acts. Regulations in 29 CFR 5.5 instruct agencies concerning application of the standard Davis-Bacon contract clauses set forth in that section. Federal agencies providing grants, cooperative agreements, and loans under the Recovery Act shall ensure that the standard Davis-Bacon contract clauses found in 29 CFR 5.5(a) are incorporated in any resultant covered contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating).

- (b) For additional guidance on the wage rate requirements of section 1606, the EVSE Partner may contact the Agency Project Manager.

Q. RECOVERY ACT TRANSACTIONS LISTED IN SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND RECIPIENT RESPONSIBILITIES FOR INFORMING SUBRECIPIENTS

- (a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111--5) (Recovery Act) as required by Congress and in accordance with 2 CFR 215.21 "Uniform Administrative Requirements for Grants and Agreements" and OMB Circular A--102 Common Rules provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds. OMB Circular A--102 is available at <http://www.whitehouse.gov/omb/circulars/a102/a102.html>.
- (b) For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A--133, "Audits of States, Local Governments, and Non-Profit Organizations," recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards

(SEFA) and the Data Collection Form (SF--SAC) required by OMB Circular A--133. OMB Circular A--133 is available at <http://www.whitehouse.gov/omb/circulars/a133/a133.html>. This shall be accomplished by identifying expenditures for Federal awards made under the Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF--SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF--SAC.

- (c) [Omitted – pertains to Agency only.]
- (d) The EVSE Partner must include on its SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor subrecipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office.

R. DAVIS BACON ACT AND CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Definitions: For purposes of this Agreement, Davis Bacon Act and Contract Work Hours and Safety Standards Act, the following definitions are applicable:

- (1) "Award" means any grant, cooperative agreement or technology investment agreement made with Recovery Act funds by the Department of Energy (DOE) to the Agency. Such Award must require compliance with the labor standards clauses and wage rate requirements of the Davis-Bacon Act (DBA) for work performed by all laborers and mechanics employed by the Agency, the EVSE Partner, and its contractors and subcontractors.
- (2) "Contractor" means an entity that enters into a Contract. For purposes of these clauses, Contractor shall include (as applicable) prime contractors, Recipients, Subrecipients, and Recipients' or Subrecipients' contractors, subcontractors, and lower-tier subcontractors. "Contractor" does not mean a unit of State or local government where construction is performed by its own employees.
- (3) "Contract" means a contract executed by the Agency, the EVSE Partner, a Recipient, Subrecipient, prime contractor or any tier subcontractor for construction, alteration, or repair. It may also mean (as applicable) (i) financial assistance instruments such as grants, cooperative agreements, technology investment agreements, and loans; and, (ii) sub awards, contracts and subcontracts issued under financial assistance agreements. "Contract" does not mean a financial assistance instrument with a unit of State or local government where construction is performed by its own employees.
- (4) "Contracting Officer" means the DOE official authorized to execute an Award on behalf of DOE and who is responsible for the business management and non-program aspects of the financial assistance process.
- (5) "Recipient" means any entity other than an individual that receives an Award of Federal funds in the form of a grant, cooperative agreement or technology investment agreement directly from the Federal Government and is financially accountable for the use of any DOE funds or property, and is legally responsible for carrying out the terms and conditions of the program and Award.
- (6) "Sub award" means an award of financial assistance in the form of money, or property in lieu of money, made under an award by a Recipient to an eligible Subrecipient or by a Subrecipient to a lower-tier Subrecipient. The term includes financial assistance when provided by any legal agreement, even if the agreement is called a contract, but does not include the Recipient's procurement of goods and services to carry out the program nor does it include any form of assistance which is excluded from the definition of "Award" above.

(7) "Subrecipient" means a non-Federal entity that expends Federal funds received from a Recipient to carry out a Federal program, but does not include an individual that is a beneficiary of such a program.

(a) Davis Bacon Act

(1) Minimum wages

(i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The Contracting Officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the Contract shall be classified in conformance with the wage determination. The Contracting Officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
- (2) The classification is utilized in the area by the construction industry; and
- (3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the Contracting Officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the Contracting Officer to the Administrator of the Wage and Hour Division, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the Contracting

Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.

- (C) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and the Contracting Officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the Contracting Officer shall refer the questions, including the views of all interested parties and the recommendation of the Contracting Officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the Contracting Officer or will notify the Contracting Officer within the 30-day period that additional time is necessary.
 - (D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this Contract from the first day on which work is performed in the classification.
- (iii) Whenever the minimum wage rate prescribed in the Contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
 - (iv) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.
- (2) Withholding
The Department of Energy or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the Contractor under this Contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the Contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the Contract, the Department of Energy, Recipient, or Subrecipient, may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.
- (3) Payrolls and basic records
(i) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described

in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

- (ii) (A) The Contractor shall submit the payrolls to the Agency (as applicable), applicant, sponsor, or owner, as the case may be, for transmission to the Department of Energy. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime Contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Department of Energy if the agency is a party to the Contract, but if the agency is not such a party, the Contractor will submit them to the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner, as the case may be, for transmission to the Department of Energy, the Contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the Recipient or Subrecipient (as applicable), applicant, sponsor, or owner).
- (B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the Contract and shall certify the following:
- (1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;
 - (2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the Contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
 - (3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the Contract.
- (C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

- (D) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.
- (iii) The Contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Department of Energy or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the Contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
- (4) Apprentices and Trainees
- (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a Contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable

wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended and 29 CFR part 30.

(5) Compliance with Copeland Act Requirements

The Contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this Agreement.

(6) Contracts and Subcontracts

The Recipient, Subrecipient, the Recipient's and Subrecipient's contractors and subcontractor shall insert in any Contracts the clauses contained herein in(a)(1) through (10) and such other clauses as the Department of Energy may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Recipient shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of the paragraphs in this clause.

(7) Contract Termination: Debarment

A breach of the Contract clauses in 29 CFR 5.5 may be grounds for termination of the Contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act Requirements

All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this Contract.

(9) Disputes Concerning Labor Standards

Disputes arising out of the labor standards provisions of this Contract shall not be subject to the general disputes clause of this Contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Recipient, Subrecipient, the Contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of Eligibility

(i) By entering into this Contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this Contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(b) Contract Work Hours and Safety Standards Act

As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime Requirements No Contractor or subcontractor contracting for any part of the Contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such work week.

(2) Violation; liability for unpaid wages; liquidated damages In the event of any violation of the clause set forth in paragraph (b)(1) of this section the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages The Department of Energy or the Recipient or Subrecipient shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any other Federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Contracts and Subcontracts The Recipient, Subrecipient, and Recipient's and Subrecipient's contractor or subcontractor shall insert in any Contracts, the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The Recipient shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

(5) The Contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the Contract for all laborers and mechanics, including guards and watchmen, working on the Contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. The records to be maintained under this paragraph shall be made available by the Contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the Department of Energy and the Department of Labor, and the Contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

3. **Full Cooperation Regarding Grant Requirements.** The EVSE Partner shall fully cooperate with the Agency to provide any requested or necessary information regarding or related to requirements associated with the Grant No. DE-EE0002020.

4. **Communications About Performance.** The EVSE Partner understands that Agency staff members have been encouraged to communicate any concerns about the performance of the EVSE Partner directly and respectfully to the Project Manager in a good faith attempt to resolve

any issues. Similarly, if the EVSE Partner has a concern about the performance of the contract or an interaction with an Agency staff member, the EVSE Partner agrees to communicate that concern directly and respectfully to the Project Manager in a good faith attempt to resolve any issues.

5. **Compensation.**

- A. The total amount paid by the Agency to the EVSE Partner for satisfactory performance of the work under this Agreement shall not exceed the Project Total Value amount as defined in Attachment A. The funding for this Agreement is provided by Grant No. DE-EE0002020 by the U.S. DOE using funds authorized under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111--5) (Recovery Act) and is part of the Agency's Puget Sound Clean Cities Coalition work plan for Fiscal Year 2011.
- B. The funding shall pay for labor and equipment to install EVSE as defined in Attachment A. Labor may include: site evaluation and design; trenching; digging; hardware installation for electrical service upgrades; connecting conduit from the electrical panel to the EVSE; and direct installation-related labor. Funding also may be used to pay for necessary electrical service upgrades in buildings or parking structures to ensure installation of an adequate number of EVSEs at a particular site. However, funding for costs associated with electrical service upgrades must be authorized by the Agency Project Manager and must not cause the EVSE Partner to install fewer than the quantity of EVSE as defined in Attachment A.
- C. To receive compensation, the EVSE Partner shall:
 - a. Submit requests for cost reimbursement to the Agency Project Manager not more often than bi-weekly using the EVSE Partner's own invoicing forms.
 - b. Submit the following documentation to the Agency Project Manager with requests for cost reimbursement:
 - i. For EVSE: electronic copies of paid invoices. The invoices shall include the following information for each EVSE purchased: EVSE vendor; invoice date; invoice total; buyer name; vehicle/equipment make; model; model year (if applicable); price paid; and serial number.
 - ii. For labor costs, the EVSE Partner shall submit paid invoices showing time and material information. Charges must be detailed and must include: task or subtask performed; name of person/company who performed the work; cost per hour; specific number of hours within a given billing period. The EVSE Partner shall also submit all applicable Davis Bacon Act certification as outlined in Section 2(P).
- D. The total reimbursable costs for EVSEs and labor payable to the EVSE Partner shall not exceed the Project Total Value listed in Attachment A.
- E. Requests for cost reimbursement shall be paid within thirty (30) days after review and approval by the Agency Project Manager. Approval shall be based upon successful compliance with all requirements of this Agreement. The final request for cost reimbursement must be submitted no later than December 2, 2011.

F. Funding for work to be conducted after June 30, 2011, is contingent upon approval of funding by the Agency Board of Directors and satisfactory performance by the EVSE Partner. The Agency Project Manager shall notify the EVSE Partner by e-mail after the Agency Board of Directors approves the Agency's FY12 budget.

6. **Term.** The effective date of this contract is January 1, 2011. Any costs incurred prior to the effective date of this contract will be at the sole expense and risk of the EVSE Partner.

The termination date of this contract is January 31, 2014.

7. **Communications.** The following persons shall be the contact person for all communications regarding the performance of this contract.

EVSE Partner	Agency
<i>Peter Renner, Facilities Director</i>	Project Manager: Scott DeWees
<i>City of Renton</i>	Puget Sound Clean Cities Coalition
1055 South Grady Way, 6 th Floor Renton, WA 98057	1904 Third Avenue, Suite 105 Seattle, WA 98101
Phone: (425) 430-6605	Phone: (206) 689-4054
Fax: 425-430-6603	Fax: (206) 343-7522
E-mail address: prenner@rentonwa.gov	E-mail address: ScottD@psc Cleanair.org

8. **Changes.** The Agency may, from time to time, require changes in the scope of services performed under this contract. The parties shall mutually agree to the changes by written amendment to the contract.

9. **Agency Access to Data.** The EVSE Partner shall provide the Agency, at no additional charge, access to all data generated under this contract. "Data" includes all information that supports the findings, conclusions, and recommendations of the EVSE Partner's reports, including computer models and the methodology for those models.

The Agency shall have the right to make site visits at reasonable times to review project accomplishments and management control systems and to provide technical assistance, if required. The EVSE Partner must provide reasonable access to facilities, office space, resources, and assistance for the safety and convenience of the government representatives in the performance of their duties. All site visits and evaluations must be performed in a manner that does not unduly interfere with or delay the work.

10. **Copyright Provisions.** Unless otherwise provided, all materials produced under this contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by the Agency. The Agency shall be considered the author of such materials. In the event the materials are not considered "works for hire" under the U.S. Copyright laws, the EVSE Partner hereby irrevocably assigns all right, title, and interest in materials, including all intellectual property rights, to the Agency, effective from the moment of creation of such materials.

Materials means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, register, and the ability to transfer these rights.

For materials that are delivered under the contract, but that incorporate pre-existing materials not produced under the contract, the EVSE Partner hereby grants to the Agency a nonexclusive, royalty-free, irrevocable license (with rights to sublicense to others) in such materials to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. The EVSE Partner warrants and represents that the EVSE Partner has all rights and permissions, including intellectual property rights, moral rights, and rights of publishing, necessary to grant such a license to the Agency.

The EVSE Partner shall notify the Project Manager by e-mail two (2) weeks in advance of any planned media events related to activities funded through this Agreement.

The EVSE Partner shall exert all reasonable effort to advise the Agency, at the time of delivery of materials furnished under this contract, of all known or potential invasions of privacy contained therein and of any portion of such document that was not produced in the performance of this contract. The Agency shall receive prompt written notice of each notice or claim of copyright infringement received by the EVSE Partner with respect to any data delivered under this contract. The Agency shall have the right to modify or remove any restrictive markings placed upon the data by the EVSE Partner.

11. **EVSE Partner Not An Employee of the Agency.** The EVSE Partner and the Agency intend that an independent contractor relationship will be created under this contract. The EVSE Partner and his or her employees or agents are not employees of the Agency and shall not be entitled to compensation or benefits of any kind other than as specifically provided herein. The EVSE Partner will not hold himself/herself out as nor claim to be an officer or an employee of the Agency or of the State of Washington by reason hereof, nor will the EVSE Partner make any claim of right, privilege, or benefit that would accrue to an employee under the law. Conduct and control of the work will be solely with the EVSE Partner.

12. **Indemnification.** The EVSE Partner shall release, indemnify, defend, and hold harmless the Agency, its Board of Directors, officers, employees, and agents from and against any and all liability, loss, damage, expense, actions, or claims, including costs and attorneys' fees that the Agency, its Board of Directors, officers, employees, and agents may hereafter sustain, incur, or be required to pay asserting or arising directly or indirectly due to any act or omission of the EVSE Partner, its agents, employees, or subcontractors, in the execution, performance, or failure to adequately perform the EVSE Partner's obligations pursuant to this contract; provided, however, this paragraph does not purport to indemnify the Agency against liability for damages arising out of bodily injuries to persons or damages caused by or resulting from the sole negligence of the Agency, its Board of Directors, its officers, employees, and agents in the execution, performance, or failure to adequately perform its obligations pursuant to this contract.

13. **Subcontracting.** Neither the EVSE Partner nor any subcontractor of the EVSE Partner shall enter into subcontracts for any of the services or work contemplated under this contract without obtaining prior written approval of the Project Manager. In no event shall the existence of any subcontract operate to release or reduce the liability of the EVSE Partner to the Agency for any breach in the performance of the EVSE Partner's duties.

14. **Payroll and Taxes.** The EVSE Partner assumes full responsibility for the payment of all wages, payroll taxes, use, sales, income, or other form of taxes, fees, and licenses.

15. **Licensing, Accreditation, and Registration.** The EVSE Partner shall comply with all applicable local, state, and federal licensing, accreditation, and registration requirements/standards, necessary for the performance of this contract.

16. **Industrial Insurance Coverage.** The EVSE Partner shall provide or purchase industrial insurance coverage prior to performing work under this contract and shall maintain full compliance with Chapter 51.12 RCW during the term of this contract. If a EVSE Partner is exempt from the requirements of Chapter 51.12 RCW, he/she must carry appropriate liability insurance equivalent to the coverage provided under that chapter. The Agency will not be responsible for the payment of industrial or liability insurance premiums or for any other claim or benefit for the EVSE Partner, or any subcontractor or employee of the EVSE Partner, that might arise under the industrial insurance laws during the performance of duties and services under this contract. If the Department of Labor and Industries, upon audit, determines that industrial insurance payments are due and owing as a result of work performed under this contract, those payments shall be made by the EVSE Partner; the EVSE Partner shall indemnify the Agency and guarantee payment of such amounts.

17. **Limitation of Authority.** Only the Project Manager shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this contract except for clauses or conditions required by law. Furthermore, any alteration, amendment, modification, or waiver of any clause or condition of the contract is not effective or binding unless made in writing and signed by the Project Manager.

18. **Governing Law.** This contract shall be governed by the laws of the state of Washington. The EVSE Partner, by execution of the contract, acknowledges the jurisdiction of the courts of the State of Washington in this matter.

19. **Severability.** The provisions of this contract are severable. If any provision is illegal or invalid for any reason whatsoever, that illegality or invalidity shall not affect the validity of the rest of the contract.

20. **Nondiscrimination.** During the performance of this contract, the EVSE Partner shall comply with all Federal and State nondiscrimination laws, regulations, and policies. In the event of the EVSE Partner's noncompliance or refusal to comply with any nondiscrimination law, regulation, or policy, this contract may be rescinded, canceled, or terminated in whole or in part, and the EVSE Partner may be declared ineligible for further contracts with the Agency. The EVSE Partner shall, however, be given a reasonable time in which to remedy this noncompliance.

21. **Utilization of Minority and Women-Owned Business Enterprises (MWBE).** To the extent practicable, when performing the services agreed to under this contract, the EVSE Partner should utilize MWBEs certified by the Office of Minority and Women's Business Enterprises under the State of Washington certification program.

22. **Assignment.** The work provided under this contract, and any claim arising thereunder, is not assignable or delegable by either party, in whole or in part, without the express prior written consent of the other party.

23. **Attorneys' Fees.** In the event of litigation or other action brought to enforce contract terms, each party agrees to bear its own attorneys' fees and costs.
24. **Content and Understanding.** This contract and all Attachments hereto contain a complete and integrated understanding and contract between the parties. No other statements or representations, written or oral, shall be deemed a part hereof.
25. **Dispute Resolution.** When a dispute arises between the parties and it cannot be resolved by direct negotiation between the Project Manager and the EVSE Partner, the process described in this section will be used to resolve the dispute.
- a. The EVSE Partner may request a dispute hearing with the Agency Executive Director. The request for a dispute hearing must:
 - i. Be in writing
 - ii. State the disputed issue(s)
 - iii. State the relative positions of the parties
 - iv. Include any relevant documentation
 - * v. State whether the EVSE Partner desires to meet in person with the Agency Executive Director to discuss the dispute
 - vi. Be received by the Agency Executive Director by U.S. postal mail or e-mail within 5 (five) working days after the parties agree they cannot resolve the dispute.
 - b. Upon receipt of a complete request for a dispute hearing, the Agency Executive Director or designee shall provide a copy of the request to the Project Manager and request a written response from the Project Manager within 5 (five) working days.
 - c. The Agency Executive Director shall review the request for a dispute hearing and the response from the Project Manager, and meet with the parties if requested. The Agency Executive Director shall reply in writing with a decision to both parties within 10 (ten) working days. This period may be extended as needed by the Agency Executive Director by notifying the parties.
 - d. The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.
 - e. Nothing in this section shall be construed to limit the parties' choice of a mutually acceptable alternative dispute resolution method in addition to the process outlined in this section.

THIS CONTRACT is executed by the persons signing below, who warrant they have the authority to execute the contract.

Certification Regarding Debarment, Suspension and Other Responsibility Matters

The prospective participant certifies to the best of its knowledge and belief that it and its principals:

- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgement rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
- (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

I understand that a false statement on this certification may be grounds for rejection of this proposal or termination of the award. In addition, under 18 USC Sec. 1001, a false statement may result in a fine of up to \$10,000 or imprisonment for up to 5 years, or both.

Attachment B
Technical Specifications Required in Request For Proposals for Electric Vehicle
Supply Equipment

1. The Base Specifications of the EVSE shall be the following:

- Input Voltage: 208VAC to 240VAC
- Input Phase: Single
- Input Current: 30/32 Amps (Maximum Input Current)
- Output Voltage: 208VAC to 240VAC
- Output Phase: Single
- Pilot: SAE J1772 Compliant
- Connector/Cable: SAE J1772 Compliant and U.L. Approved
- Rate at 32Amps Minimum, Length – 20ft
- Operating Temperatures: -40° F (-40° C) to +122° F (+50° C)

2. The Base Features for the EVSE shall be the following:

- Charge Circuit Interruption Device (CCID)
- Ground Monitoring Circuit
- Charging Indication
- Nuisance tripping avoidance and auto re-closure
- Status Indication:
 - Ready to Charge
 - Charging
 - Complete
 - Paused- Waiting to Charge
 - Fault
- Cold Load Pickup (Randomized auto re-start following power outage)
- CCID Auto Test
- Scheduled Charging (Allows customer to program for utility off-peak start times)
- Enclosure Rating – Outdoor
- Wireless 802.11
- ZigBee Capable
- IP Addressable
- Energy and Demand Metering (Meets *ANSI C12.20*)
- Revenue Collection Function (does not have to be activated for all EVSEs, but units must have ability to activate revenue collection via a neutral payment system such as credit cards).
- Communication Capable
 - Must be capable of sending the following data either through wireless method or PLC to the Idaho National Laboratory (INL) (or otherwise directed data base) – this would be accomplished by

transferring the data from the vendors database.

For each charge

- Location
- Time Stamp (start and stop)
- Energy and Demand

3. Standards

Each EVSE unit shall be certified by a Nationally Recognized Testing Laboratory (NRTL) and meet the following standards:

- a. SAE Standard; J1772
- b. UL Standard for Electric Vehicle Charging System Equipment; UL2202
- c. UL Standard for Plugs, Receptacles and Couplers for Electric Vehicles; UL2251
- d. UL Standard for Personnel Protection Systems for Electric Vehicle (EV) Supply Circuits; UL2231 (Parts 1 and 2)
- e. UL Standard for Enclosures for Electrical Equipment; UL50

4. Data Collection Requirements (for Idaho National Labs Data collection process)

*** Data collection is required under this contract**, the below requirements outline the necessary elements to automate data collection through Idaho National Labs.

The EVSE contractor shall:

- Maintain their own data collection servers for storing charging infrastructure events information
- Manage and conduct the charging infrastructure-to-data collection servers data transfer communications
- Provide staff to maintain their own data server(s), the data communications process, and their portion of this data collection effort
- Provide the following parameters per charging event (this is a mandatory requirement):
 - Date/Time Stamp on every record. Date/time stamp is defined as a year, month, day, hour, minute, and second time stamp with a define format at the time of each entry. The time zone should be local time for EVSE. If it is not possible to log local time, all vehicles shall have a common time zone (GMT time zone is preferred). Time zone must be identified.
 - Unique ID for Charging Event
 - Unique ID Identifying the EVSE – may not change
 - Connect Time
 - Disconnect Time
 - Start Charge Time

- End Charge Time
- Max Instantaneous Peak Power
- Average Power
- Total energy (kWh) per charging event
- Rolling 15 Minute Average Peak Power (captured in 15 minute increments, with Time Stamp for each 15 minute period)
- Provide a data transfer portal that allows the Idaho National Lab (INL) to upload charging infrastructure data.

Before data collection begins, the INL also requires the following information:

- Unique Identifier for the EVSE
- GPS Location of the EVSE. This will be in latitude and longitude in decimal degrees to 3 decimal places.
- EVSE specifications
- Contact Information for party responsible for maintaining the data collection and transfer process – Contact Person, Contact Email, Contact Physical Address, Company Name, Contact Phone Number.

EVSE units shall transfer data to a data collection organization/server in a manner and frequency of their choice. However, this data must be provided as weekly data dumps to INL via SFTP (Secure File Transfer Protocol). INL must be able to pull the data from the server. The file format will be CSV (comma separated value). This is the preferred method for the INL to receive data from organizations installing EVSE.

If the EVSE contractor wishes to provide INL with real time data, they will be required to have an IT programmer develop and maintain a real time interface to the EVSE, and will also be required to fund the INL to provide this capability. However, this funding to the INL will require full cost recovery. This interface will enable the INL to “call” the unit and retrieve data. INL will communicate with the IT programmer regarding additional requirements. However, this is not the preferred method of data collection and it will be the most costly to the EVSE contractor.

Attachment E - City of Renton

Hours Worked (this includes all work related to the grant, regardless of whether it has been invoiced or not)

PERIOD: Jul 1, 2010 to Sept 30, 2010 (update as needed)
